

**“This is an amazing program! It’s the easiest marketing I’ve done, plus your credit union gets paid to do it!”**

**Adonica Castellano, VP Marketing, First Financial Credit Union**

The Sprint marketing program is a great way for your credit union to offer an added benefit to your members while bringing in more non-interest income.

Participating credit unions will bring in about 40 cents per member for a full contract year. The sooner your credit union joins the program, the more money it makes. See [Promotion Agreement](#) for details.
